Re: Motormen and conductors on the Eastern Ave. line
the night of Sept. 14, 1922.

Operative interviewed the following men who
were working the night in question.

WILLIAM FERGUSON, 84 Delafield St., New Brunswick, who stated that he worked during the day on Sept. 14, 1922 and did not see any of the Mills or Hall family that day on his car. He doesn't think he would have been able to recognize Mrs. Mills anyway. He could not give further information on this matter.

JOSEPH SYNNOTT, 222 Handy Street, New Brunswick, states that on the night of Sept. 14, 1922 he made his last trip away from Eastern Ave. at 8:55 P.M., brought his car to the barns and was through for the night. He states that he never knew Mrs. Mills, Jim Mills or Harry Mills. He further stated that he was only on his job a short time when the murders were committed. He came from New York City.

McKENNA, Washington St., South River, N.J. who is a police officer in that village at present. He states that on the night in question he operated a South Amboy car and was finishing his run out the end of Eastern Ave. He did not see Mrs. Mills or any other member of the Mills family and further states that he would not know them if he saw them. Mr. McKenna lived in South River at the time he worked on the cars. He could not furnish further information.
